

The 131<sup>st</sup> Annual AOAC Meeting, September 24<sup>th</sup> thru the 27<sup>th</sup>, in Atlanta, Georgia, will offer attendees scientific sessions, round tables, workshops, and poster presentations that address a variety of analytical needs. The meeting will bring together top scientists from around the world to discuss several trending topics such as changes and advances in methodology and applications.

AOAC provides a broad spectrum of interactions between industry, government, and academia. You will have the opportunity to meet scientists interested in similar issues, companies that are willing to partner to help solve problems, and global representatives working together to achieve common interests.

When strolling the booths looking for the latest industry information and engaging conversation, make sure to stop by **booth no. 307** to talk with **Phenomenex!**

And don't miss Phenomenex's, Senior Food Specialist, Scott Krepich, talk on the:

## **Advancements in Essential Oil and Natural Supplement Testing—Olive Oil, Cannabis, and Boswellia Serrata.**

His talk will take place on **Tuesday September 26<sup>th</sup> at 9:45 am** in the **International 4** room.

For more phenomenal talks and posters brought to you by Phenomenex, review the table below:

Poster Title	Presenter	Day and Time	Where
Modernization and Optimization of the USP Dietary Supplement Monograph for Boswellia Serrata with Advancements in HPLC/UHPLC Column Chemistry	Scott Krepich	Monday, 9/25 from 12:00 pm- 1:00pm	P-M-017
FAMEs Analysis in Less Than 12 Minutes! Reducing Analysis Time Using the Magic of GC Column Parameters	Allen Misa	Monday, 9/25 from 12:00 pm- 1:00pm	P-M-058
Separation and Quantitation of Physiologic Cobalamins (Vitamin B12) in Dietary Supplements by LC-MS/MS Using Synergi™ Fusion-RP Column	Allen Misa	Monday, 9/25 from 12:00 pm- 1:00pm	P-M-016
Profiling Sterols in Olive Oil for Quality and Authenticity Using Supported Liquid Extraction (SLE), Solid Phase Extraction (SPE) and GC-FID	Scott Krepich	Tuesday, 9/26 from 12:00 pm- 1:00 pm	P-T-016
Advantages of Complimentary Column Chemistries for Determination of Pesticides in Cannabis by LC-MS/MS and Potency by LC-U	Scott Krepich	Wednesday, 9/27 from 12:00 pm- 1:00 pm	P-W-058
Multiresidue Pesticide Analysis of Kale and Grapes Using QuEChERS and High Performance Liquid Chromatography Coupled with Tandem Mass Spectrometry	Allen Misa	Wednesday, 9/27 from 12:00 pm- 1:00 pm	P-W-059

We hope to see you in Atlanta! And don't forget to stop by **booth No. 307** and say hi! We can't wait to meet you. For more information on AOAC visit their site at [www.aoac.org](http://www.aoac.org).
